

How to Simplify your Cattle Registrations

Cattle registration is not really difficult – it only seems that way if you haven't done it before.

Below explains step-by-step how the DNA & registration process should take place so your registration can be processed quickly for you.

- 1/ Pull tail hairs from your animal for DNA & Parent Verification & send to University of Qld or Zoetis. Instructions were in the December Newsletter & are on the website in 'Forms & Downloads' and also in the MEMBERS AREA.
Post to the appropriate DNA testing Laboratory.
- 2/ The results of the DNA + PV will be sent to you & the ALCA Office in about 2 – 4 weeks. When you have received your DNA + PV results, fill out the ALCA Registration Form - (in Forms & Downloads on the website) or fill out ONLINE via the MEMBERS AREA – Herdbook Database Login.
Instructions for both of these are on the website in 'Forms & Downloads' and the MEMBERS AREA.
- 3/ If your animal has already been RECORDED on the Herdbook Database, you will not be required to fill out another registration form. Just email the ALCA office & notify them of the animal you need to have registered.
- 4/ Make payment to ALCA for the DNA/PV & Registration for the animal/s you need registered.
This can be done via Bank Transfer to our Cheque account Number 45 349 8710 at BSB 082 407, Mailing a Cheque with your registration form, or telephone the ALCA office on 02 6773 3295 and make your payment with Mastercard or Visa Card.

Please note – Registrations will NOT be processed without payment.

DNA/PV (University of Qld) - \$33 per animal

DNA/PV (Zoetis) - \$33.00 per animal

Full Registration - \$38.50 per animal

Registering an already calf RECORDED Animal - \$33.00 per animal

- 4/ Email the Registration Form to office@lowlinecattleassoc.com.au with a brief note about which animal/s you require registered & let Carole know you have transferred or posted payment.

Registration Certificates will be emailed as a PDF unless you say you would like a paper Registration Certificate, and then it will be posted to you.

If you follow these steps your registrations should be processed promptly.

Please remember that Registrations will not be processed without DNA and PV results, Registration details on a Registration Form and payment.

For prompt processing, please put the completed Registration forms and the DNA / Coat Colour Test Results together, and then submit with payment to the Australian Lowline Cattle Office.

If making your payment by Direct Credit into the Association's Account **please put your Herd Id and Surname in the "details section" of the Bank Transfer.**
